

Player Season Fees

Rainier Club membership Fees can be paid in full or select the two-monthly incremental payment option at time of registration up until 5/10. The USA Rugby fee needs to be paid in one payment. New players fees include players shorts & socks and all game day shirts are provided on game day but not owned or retained by players. Exception is the U10 players who keep their match day shirt.

Please take advantage of our sibling discount if you are registering multiple siblings. All players need to be registered at the same time for the discount to be applied. Two or more siblings will earn a discount of \$50 off total cost of the combined registrations.

One of our primary club goals is to make the opportunity for all kids to play regardless of their ability to pay our full fees. We have a membership fee reduction program which is available for parents to apply for. Fees can be reduced in return for some volunteer hours being worked by player and or family
